

**AGRICULTURAL PRODUCE COMMISSION**

**PORK PRODUCERS COMMITTEE**

**FEE-FOR-SERVICE FUNDING  
2005/06 Financial Year**

Pork industry service projects that could provide benefit to WA pork producers may be eligible for support under the provisions of the Agricultural Produce Commission.

Applications for funds will be considered from individuals, groups or organisations. The Committee would encourage co-operation between the various sectional interests within the industry to ensure the maximum benefits to all producers from the functions performed and financed by the 'fee-for-service'.

Applicants will be expected to provide a detailed project summary containing specific objectives and outcomes of the service to be provided, along with clear expectations of the benefits to pig producers and the pork industry.

Successful applicants will also be required to submit regular progress reports detailing success against the delivery of milestones and details of budgeted expenditure.

Submissions close on Friday 22<sup>nd</sup> April 2005.

Fee-for-service application forms may be obtained from the secretariat to the APC Pork Producers Committee.
